OLA COLLECTION: THE EMBLEM

A turning point in Orfega's journey

The Ola (wave) collection is the first collection presented by Orfega with its SIMELTECH® technique.

Designed to provoke positive emotions in women, under the slogan "Awaken your inner ocean", it has become one of the brand's most popular and best-selling collections thanks to the beauty of its shapes and the innovative technique used to create it.

Ola represents
powerful and
feminine women
who are able to
express their full
potential.

This collection stands out for
its unconventional shapes
and vibrant colors reminiscent
of the ocean, seductive and
mysterious just like women.

Awaken
your inner
ocean.
